¹ In accordance with Article 77 of The Higher Education Act (Official Gazette of RS, Nos. 32/12 - official consolidated text, 40/12 - ZUJF, 57/12 - ZPCP-2D, 109/12, 85/14, 75/16, 61/17 - UPS and 65/17; hereinafter HEA), residents of the Republic of Slovenia and residents of the Member States of the European Union may be charged for tuition fee if they already have the level of education that is equal to or higher than the level of education of the programme they are enrolled in, or if they do not yet have the same level of education as acquired with the programme but their student status expired in the previous study programme according to Article 70 of HEA. In accordance with the Rules on tuition fees and stays in public dormitories for Slovenians without Slovenian citizenship and foreigners in the Republic of Slovenia (Official Gazette of RS, Nos. 77/16 and 25/19), the tuition fee on the full-time study programmes of 1st and 2nd cycle is also charged to foreigners (residents of states that are not members of the European Union). The tuition fee for foreigners is charged in accordance with Article 3 of the Rules on tuition fees in the same amount as for residents of the Republic of Slovenia per part-time study programme.

² A student who does not obtain a higher level of education by enrolling in the programme has a 50% discount on tuition fees and the tuition fee is 1.250€.

³ A 25% discount on the tuition fee is granted, thus the tuition fee is 1.875€. A student who does not obtain a higher level of education by enrolling in a higher year has a 50% discount on the tuition fee, which is in this case 1.250€. The price for one ECTS for the additional year is 15€ with discount. If a decision is issued on the Application for recognition of knowledge and skills, handed in until 15 May of the 1st year, the value of the additional year is calculated only for the missing ECTS. Any subsequent decisions on the Application for recognition of knowledge and skills do not affect the reduction in the cost of the additional year. The invoice for the additional year is issued after completing the 1st year and can be paid in three installments.

⁴ A 50% discount is granted on the tuition fee; thus the tuition fee is 2.450€. ECTS determined for the additional year are calculated in proportion to the reduced tuition and are granted a 50% discount. The price for one ECTS for an additional year is therefore 20€. If a decision is issued on Application for recognition of knowledge and skills till 15 May of the enrolled 1st year, the value of the additional year is calculated only for the missing ECTS. The invoice for the additional year is issued after completing the first year and can be paid in three installments.

⁵ If a student has less than 60 ECTS per year, the price is 67€ per ECTS. If a student has to complete study obligations from the master's programme prior to enrolling in the programme, the price for one ECTS is charged in proportion to the tuition fee of the 2. cycle (2.500€) and then a 50% discount is granted. The price for one ECTS is 21€.

⁶ If someone who already accomplished part of the programme's ECTS prior to enrollment, as a member of Lifelong Learning, chooses to enroll in the programme, the account of the paid credits will be made in the first year of enrollment in the program. Therefore, the amount of tuition fee for the first year is the difference between the already paid amount and the tuition for the study year.
