Board

<sup>1</sup> In accordance with Article 77 of The Higher Education Act (Official Gazette of RS, Nos. 32/12 - official consolidated text, 40/12 - ZUJF, 57/12 - ZPCP-2D, 109/12, 85/14, 75/16, 61/17 - UPS and 65/17; hereinafter HEA), residents of the Republic of Slovenia and residents of the Member States of the European Union may be charged for tuition fee if they already have the level of education that is equal to or higher than the level of education of the programme they are enrolled in, or if they do not yet have the same level of education as acquired with the programme but their student status expired in the previous study programme according to Article 70 of HEA.

In accordance with the Rules on tuition fees and stays in public dormitories for Slovenians without Slovenian citizenship and foreigners in the Republic of Slovenia (Official Gazette of RS, Nos. 77/16 and 25/19), the tuition fee on the full-time study programmes of 1<sup>st</sup> and 2<sup>nd</sup> cycle is also charged to foreigners (residents of states that are not members of the European Union). The tuition fee for foreigners is charged in accordance with Article 3 of the Rules on tuition fees in the same amount as for residents of the Republic of Slovenia per part-time study programme.

<sup>2</sup> Candidates who enrol in the final year of the study program according to the Criteria for transferring pay the obligations for the completion of studies by credit points. If the costs of paying study obligations by credit points exceed the amount of tuition fees for the year of study of the enrolled programme, the student is charged the tuition fees of the year and not the payment of credit points.

<sup>3</sup> A student who does not obtain a higher level of education by enrolling in the programme has a 50% discount on tuition fees and the tuition fee is 1.250€.

<sup>4</sup> A 25% discount on the tuition fee is granted, thus the tuition fee is 1.875€. A student who does not obtain a higher level of education by enrolling in a higher year has a 50% discount on the tuition fee, which is in this case 1.250€. The price for one ECTS of the additional study year is 15€. For application for recognition of knowledge and skills submitted to the Students' Affairs Committee by 30 November 2021 of the first enrolled study year, the students are charged only for the missing ECTS. For application submitted after this date, students will be

---

charged for all ECTS of the additional study year. The invoice for the additional study year is issued at the end of the 1<sup>st</sup> year and may be paid in three instalments.

<sup>5</sup> Each missing ECTS is charged 70 EUR. If the costs for the additional year exceed the amount of tuition fee, the student is charged the tuition fee not the payment of credit points.

<sup>6</sup> If a student has less than 60 ECTS per year, the price is 67€ per ECTS. If a student has to complete study obligations from the master's programme prior to enrolling in the programme, the price for one ECTS is charged in proportion to the tuition fee of the 2. cycle (2.500€) and then a 50% discount is granted. The price for one ECTS is 21€.

<sup>7</sup> If someone who already accomplished part of the programme's ECTS prior to enrollment, as a member of Lifelong Learning, chooses to enroll in the programme, the account of the paid credits will be made in the first year of enrollment in the program. Therefore, the amount of tuition fee for the first year is the difference between the already paid amount and the tuition for the study year.

<sup>8</sup> If extracted from the ISSBS, they are not returned.

<sup>9</sup> Should a student remain without a student status during the studies, he or she pays the administrative costs for contributions for persons without student status. The student is charged with the missing study obligations if he or she does not graduate after the expiration of 12 months from the end of the last year for full-time studies in study programmes of the 1<sup>st</sup> and 2<sup>nd</sup> cycle, or after the expiration of 24 months for part-time studies and for full-time studies for which students were charged tuition in study programmes of the 1<sup>st</sup> and 2<sup>nd</sup> cycle, and after the expiration of 36 months for 2<sup>nd</sup> cycle study programmes at which students have to complete an additional year and for 3<sup>rd</sup> cycle study programmes. If the costs of paying study obligations by credit points exceed the amount of tuition fees for the year of study of the enrolled programme, the student is charged the tuition fees of the year and not the payment of credit points.

<sup>10</sup> The amount can change during the year in accordance with The decision on the determination of contributions for specific examples Insurance (Official Gazette of RS, Nos. [14/17](#), [64/17](#), [19/18](#) and [17/19](#))

<sup>11</sup> Also applies for students without student status.
