## Welcome Erasmus+ students!

### Erasmus+ Factsheet 2021/2022 and instructions for nominations and application

Due to a smaller number of Erasmus incoming students, we combine all of them in the second and third trimester of our academic year **starting from approx. 7 January** (the exact date is yet to be agreed with the student). In this case we are able to offer consultations for all of the offered courses in English language. This way the students can study here from 3 to 5 months.
