Welcome Erasmus+ students!

Erasmus+ Factsheet 2023/2024 and instructions for nominations and application

Due to a smaller number of Erasmus incoming students, we combine all of them in the second and third trimesters of our academic year **starting early January or early February** (the exact date is to be agreed with the student). In this case, we are able to offer consultations for all of the offered courses in the English language. This way the students can study here from 3 to 5 months.
